

## IRES/NANOGRV RESEARCH ABROAD STUDENTS

### 2022

<b>Student</b>	<b>Research Abroad Institution</b>
Sophia Morton, Oregon State University	University of British Columbia, Canada
Ilana Meisler, Oberlin College	University of British Columbia, Canada
Magnus L'Argent, Oregon State University	McGill University, Canada
Avinash Sookram, Penn State University at Abington	McGill University, Canada
Tal Newton, West Virginia University	Dominion Radio Astrophysical Observatory, Canada
Evan Anthopoulos, Hillsdale College	Swinburne University of Technology, Australia
Adam Stone, Penn State University	Swinburne University of Technology, Australia

### 2021

<b>Student</b>	<b>Research Abroad Institution</b>
Alexandra Higley, University of Wyoming	Institute of Mathematical Sciences – Chennai, India (virtual)
Sparrow Roch, University of Wisconsin-Milwaukee	Institute of Mathematical Sciences – Chennai, India (virtual)

### 2019

<b>Student</b>	<b>Research Abroad Institution</b>
Andrew Clark, West Virginia University	University of KwaZulu-Natal, South Africa
Min Young Kim, University of Washington Seattle	National Centre for Radio Astrophysics, India
Chris Schiavone, Franklin and Marshall College	National Centre for Radio Astrophysics, India
Levi Schult, University of Virginia	National Centre for Radio Astrophysics, India
Morgan Waddy, University of Virginia	National Centre for Radio Astrophysics, India
Chris Scheithauer, Hillsdale College	National Astronomical Observatories, China
Phillip Andrews, Hillsdale College	National Astronomical Observatories, China
Will Fiore, West Virginia University	University of KwaZulu-Natal, South Africa
Westley Roth, University of Wisconsin-Milwaukee	University of KwaZulu-Natal, South Africa
Elizabeth Rigby, Oberlin College	Institute of Mathematical Sciences – Chennai, India
Erica Chwalik, West Virginia University	Institute of Mathematical Sciences – Chennai, India

**2018**

<b>Student</b>	<b>Research Abroad Institution</b>
Didier Banyeretse, Oberlin College	National Astronomical Observatories, China
Chavone Bowen, Notre Dame of Maryland University	National Astronomical Observatories, China
Jay Rose, Hillsdale College	National Astronomical Observatories, China
Juzel Lloyd, Howard University	Institute of Mathematical Sciences – Chennai, India
Natalie Meyers, University of Wisconsin-Milwaukee	Institute of Mathematical Sciences – Chennai, India
Gabriella Agazie, West Virginia University	Swinburne University of Technology, Australia
Olivia Young, West Virginia University	Swinburne University of Technology, Australia
Travis Fichtenbauer, University of Wisconsin-Milwaukee	Astronomical Observatory of Cagliari, Italy
Christos Giannakopoulos, Hillsdale College	Astronomical Observatory of Cagliari, Italy
Sarah Hasnain, Notre Dame of Maryland University	Jodrell Bank Centre for Astrophysics, The University of Manchester, UK
Victoria Bondide, Franklin and Marshall College	University of East Anglia, UK
